## SO WHAT IS AN ENDANGERED ANIMAL?

Hi Beans here and as a dog I love all the animals in the world. Sadly some of my friends are having a tough time and are endangered. This means their population is very low and at risk of extinction which means no more of them left in the wild! Hopefully this activity pack will help you learn and spread the word about some of these truly amazing animals!

For more info on Endangered Animals head over to our website :)
